Dr Damodaran Krishna

Toowoomba. Qld. 4350.

Dear Dr Krishna,

I am please to advise that approval has been given for your appointment to the position of Senior Medical Officer in the Department of Orthopaedics with the Fraser Coast Health Service District. Your appointment will be in accordance with the terms and conditions of the "Senior Medical Officers and Resident Medical Officers Awards – State". The level of appointment ranges from C1-1 to C1-5. Your level at appointment will be C1-1. The current salary rate is \$3442.20 per fortnight. Conditions for progression of level of appointment are defined in the Award. A copy of the award is available from the Human Resource Department or on <http://qhln.health.qld.gov.au/ersu/resource/smormo95.pdf>

The following conditions apply:-

FRA.0002.0004.00057

- A mutually acceptable commencement date is to be negotiated and fixed within a week of accepting the position. The District requires you to commence duties by Monday 22nd July 2002. Ideally the commencement date would be Thursday 18th July to allow adequate orientation and induction to the District prior to commencing clinical duties.
- A 12 month probationary period applies to new appointees.
- Employment is on a permanent basis, but is conditional upon maintaining registration with the Medical Board of Queensland as a Medical Practitioner.
- Remuneration at the rate applicable to a specialist would be conditional upon gaining and maintaining registration with the Medical Board of Queensland as a Specialist.

E-mail: Terry_Hanelt@health.qld.gov.au

- Limited Right of Private Practice is available for Registered Specialists who obtain a Medicare Provider Number enabling billing of patients for private services and participate in the provision of private services to private patients within the Districts Hospitals. Details of these arrangements are available by contacting the Director of Medical Services or the Human Resources Department.
- Study leave entitlement is thirteen (13) weeks on full salary for each five (5) years of continuous service, and may be taken on a pro-rata basis after an initial (1) year of continuous service. Study leave approval is conditional on the proposed study being of benefit to the District's service provision. Approval is negotiated with the Director of Orthopaedics and the Director of Medical Services.
- Conference leave of one (1) week on full salary for each year of continuous service up to a maximum accrual of 2 weeks.
- Long service leave entitlement of 13 weeks after 10 years of service.
- Detailed conditions for the above leave and provisions for other categories of leave such as sick, examination, bereavement, etc. are included in the Award and the contents of the Industrial Relations Manual.
- As an employee of Queensland Health you are required to contribute to the Queensland Health Superannuation scheme, Q Super – Accumulation Account.
- Your contribution will commence at the standard level of 5% and therefore receive the higher level of 12.75% employer contribution and automatically receive insurance.
- If you do not wish to contribute at this rate, you can elect to reduce your contribution down as low as 2%. Contributions of at least 2% must be maintained and insurance cannot be cancelled. Q Super will forward a package giving you more information, after your first pay period.
- A fully maintained motor vehicle will be provided for official and private usage within reason. This vehicle must be made available for use of other staff during normal working hours. Full details of the conditions are contained in the Industrial Relation Manual which is available at http://qhin.health.qld.gov.au/ersu/resource/irm_cont.htm
- A residence will be provided or a rental subsidy to a maximum of \$170 per week will be paid. The choice depends upon availability of a suitable residence owned by the Health Service. Telephone rental will be paid. An allowance is paid towards the cost of calls. An allowance is paid towards the cost of electricity. These allowances are detailed in the Queensland Health Industrial Relations Manual.
- As a District Health employee you may be required to work at any facility within the Fraser Coast Health Service District.
- Performance of duties in private facilities within the District may be required.
- Performance of duties within other Public Hospitals within other Queensland Health Districts may be required.
- An Identification badge is to be worn at all times whilst on duty with the Health Service.
- The Fraser Coast Health Service District has a NO SMOKING policy and smoking is only permitted in designated area outside the Health Service Building.
- Please read the "Code of Conduct" included and sign the acknowledgment page together with the other forms that make up the commencement package and return to Ms Carita Sellers at Hervey Bay Hospital.
- The Health Service will not accept liability for damages sustained to private motor vehicles while being driven or parked on Health Service property and will not accept

FRA.0002.0004.00058

liability for loss of damages including theft or fire, to private property or personal effects which are used or stored in premises or accommodation owned or used by the Health Service. Employees are themselves responsible for arranging the appropriate insurance cover and premium payment for private property or personal effects in such circumstances.

Your attention is drawn to the confidentiality clause 63.(1) in the Health Services Act 1991 –

“An officer, employee or agent of the department must not give to any other person, whether directly or indirectly, any information acquired by reason of being such an officer, employee or agent if a person who is receiving or has received a public sector health service could be identified from that information.” Maximum penalty – 50 penalty units.

Congratulations on your appointment and I trust it will be a mutually rewarding association. Please sign and return one copy of this appointment letter.

Yours sincerely,

Dr Terry Hanelt
Director of Medical Services
Fraser Coast Health Service District.

I accept/~~do not accept~~ the above terms and conditions of this appointment.

Signed..........Dated.....23.05.02.....

Please sign both copies of this letter and return one copy to the Dr Hanelt at the Hervey Bay Hospital.

Excision of ganglion of hand
Excision of ganglion of hand

Dr Damodaran Krishna commenced duties in the Fraser Coast Health Service District as a SMO in Orthopaedics on the 22nd July 2002.

Prior to this he was employed as a PHO in Orthopaedics at Toowoomba Hospital. Together with another PHO and a Training Orthopaedic Registrar in Orthopaedics he provided services required of a registrar in Orthopaedics in Toowoomba Hospital. In this position he conducted Fracture Clinics, Orthopaedic Outpatient Clinics, and Elective Surgery with consultant supervision and participated in the emergency service for Orthopaedics on a one in three roster. Although there was a consultant on-call Dr Krishna did approximately 90% of the emergency procedures on his own without consultant supervision. The range of procedures is similar to that outlined in his scope of service at FCHSD. He was well regarded by my colleagues at Toowoomba Hospital, some of whom worked for me as a registrar when I was a consultant in Brisbane. He was appointed with excellent references from the Orthopaedic surgeons he worked with in that area.

Dr Krishna is a diligent and caring doctor and has conducted himself in an exemplary manner; establishing good rapport with patients and staff alike. He has discharged his clinical duties and responsibilities in manner consistent with his references. He has expressed and demonstrated willingness to participate in junior doctor and post graduate training.

In making a recommendation with regard to Dr Krishna's scope of service I have taken in to consideration his CV outlining his previous experience, discussions and references from my Orthopaedic colleagues from Toowoomba General Hospital, observation of his clinical and surgical practice and Orthopaedic Audits.

Dr Krishna is acutely aware of his limitations and level of competence. I have full confidence in his ability to adequately assess and deliver a management plan when ever he is on-call as an SMO.

Dr Morgan Naidoo
Director of Orthopaedics
Fraser Coast Health Service District

PHO/REGISTRAR END-OF-TERM ASSESSMENT

Name: Dr. DAMODARAN KRISHNA Date: 12.12.01
Department: ORTHOPAEDICS Unit: 3
Period: 4th Quarter

Grades are based on the level of performance expected at this stage of the PHO's/Registrars training.

1. Requires significantly more supervision than would be expected
2. Requires more supervision than would be expected
3. Performs to expected level
- 4 4. Performs above expected level
5. Performs well above expected level
- N/A Not applicable
- U/C Unable to comment on this area

Please rate the doctor on the following by placing a tick in the appropriate column.

	1	2	3	4	5	N/A U/C
Demonstrates appropriate levels of skill in						
History taking (nature and implications of symptoms)						
Physical examination (nature and implications of signs)				✓		
Differential diagnosis				✓		
Formulating a management plan				✓		
Acute care				✓		
Relevant procedural skills					✓	
Record keeping				✓		
Ordering investigations/interpreting results				✓		
Prescribing effectively				✓		
Managing time effectively				✓		

	1	2	3	4	5	N/A U/C
Demonstrates the following professional attributes						
Communicates effectively						
Is aware of own strengths/limitations and consults appropriately				✓		
Is caring and supportive to patients and their relatives				✓		
Shows initiative				✓		
Is reliable				✓		
Works effectively in a team				✓		
Presents a professional manner and appearance					✓	
Attends departmental education sessions					✓	
Overall Performance					✓	
Gradings as above						
Please tick the appropriate grading						

Report discussed with the Registrar/PHO

Comments:

YES

NO

Dr Krishna Raj fitted into our department well. He seems to realise his limitations and can be trusted to portray events accurately. We will be happy to have him for a further 12 months with surgical maturity he will be a valuable asset to the Department.

ASSESSMENT FORM SPECIAL PURPOSE REGISTRANTS

The information on this form contributes to decisions on registration for overseas-trained doctors with special purpose registration to practise in an area of need.

Instructions

- Assessment Form **MUST NOT** be completed by a person related to the registrant
- Assessor/s to tick appropriate boxes in columns provided
- Ticks under 'Requires substantial assistance' and/or 'Requires further development', require comments by the assessor at the end of this form
- If 'Requires substantial assistance' and/or 'Requires further development' are ticked, the doctor in consultation with the assessor must complete the Improving Performance Action Plan at the end of this form.

Name of Registrant Dr Damodaran KRISHNA.

Position Senior Medical Officer, Orthopaedics.

Period of Assessment 22/07/2002 to current

	Requires substantial assistance	Requires further development	Consistent with level of experience	Performance better than expected	Performance exceptional	N/A Not observed
CLINICAL						
<i>Knowledge base</i> Demonstrates adequate knowledge of basic and clinical sciences.				✓		
<i>Clinical skills</i> Elicits and records accurate, complete history and clinical examination findings.			✓			
<i>Clinical judgement/decision making skills</i> Organises, synthesises and acts on information and applies knowledge base.				✓		
<i>Emergency skills</i> Acts effectively and when appropriate acknowledges own limitations and seeks help				✓		
<i>Procedural skills</i> Performs procedures competently				✓		
COMMUNICATION						
<i>Patient and Family</i> Interacts effectively and sensitively with patients and families/care givers.			✓			
<i>Medical Records/Clinical Documentation</i> Provides clear, comprehensive and accurate records.			✓			
PERSONAL AND PROFESSIONAL						
<i>Professional Responsibility</i> Demonstrates punctuality, reliability, honesty, self-care.			✓			
<i>Teaching</i> Participates in teaching other healthcare professionals, patients and/or care providers.			✓			
<i>Time management skills</i> Organises and prioritises tasks to be undertaken.			✓			
<i>Teamwork and colleagues</i> Works and communicates effectively within a team.			✓
